**ORGANISED BY
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

**KLE DR.M S Sheshgiri College of
Engineering and Technology Belagavi, Karnataka.**

ABOUT THE COLLEGE

KLE DR.M S Sheshgiri College of Engineering and Technology(KLEDRMSSCET), Belagavi belongs to KLE Society, a society which has a legacy of 105 years in the field of Education and is one of the largest education societies in the Asian continent. Established in the year 1979, KLE DR. MSSCET is a Self-financing, Non- Autonomous and an ISO 9001:2015 Certified Institution approved by AICTE, New Delhi and Permanently Affiliated to Visvesvaraya Technological University, Belagavi. The institute offers Seven UG Courses (Civil, Mechanical, E & E, E & C, CSE, Chemical and Biomedical Engineering), Five PG Courses (VLSI, CSE,Design, Structural, and Environmental),MBA and MCA. All Seven UG Courses are accredited by National Board of Accreditation (NBA), New Delhi. The Institution is recognized under Section 2(f) of UGC Act 1956. The Institute conducts a full range of academic activities in the field of Engineering and Management education covering research, teaching, training, consulting and intellectual infrastructure development. The Institute focuses on holistic development of students by adopting the most innovative and creative dimension to impart quality education and employability skills.

ABOUT THE DEPARTMENT

The Department of CSE was started in the year 1986 and offers graduate and postgraduate courses in Computer Science and Engineering. The Department is accredited by National Board of Accreditation (NBA), New Delhi and is recognized by VTU as Research Centre for pursuing M.Sc.

(Engineering) / Ph.D. programmes. The department incorporates continuous improvement in quality. Developing confidence for self and lifelong learning are the highest priorities adhered during the course in the Department.

ABOUT STTP

Deep learning is a fast-growing field of Artificial Intelligence concerned with the study and design of computer algorithms for learning good representations of data, at multiple levels of abstraction. This growth is mainly driven by the explosive growth of diverse applications of Artificial Intelligence in production, the continued growth in data volume and the complexity of large-scale learning systems. To lay better foundation for the future – to make the connected, smartening world smarter and to embrace AI for the benefit of society, advances in AI and DL, their new innovative applications, and challenges and lessons learned need to be shared and discussed. This STTP will facilitate ML/AI researchers, practitioners and business executives to share their expertise and knowledge with participants. It will provide an interactive forum for discussion on recent and on-going developments, key issues and challenges, and practices related to AI applications.

TOPICS TO BE COVERED

- Deep Learning & its relevance.
- Application and Research Scope in Machine Learning.
- Deep Learning Task, Feature & Model.
- Convolutional Neural network.
- Deep Learning Platform & Software Libraries.
- Deep Learning with different toolsets.
- Hands on experience to work on projects.

REGISTRATION

• **No registration fees.**

• Registration link :

<https://forms.gle/gn8GidDjL2paSSzs8>

- Selection will be based on first come first serve basis with the total intake limited to **50 participants**.
- **E- Certificates** will be provided for the participants with **100%** attendance and have scored minimum **60%** marks in the Test.

ELIGIBILITY

- Faculty members from AICTE recognized Universities and engineering colleges.
